

MISSION RULE

INSPIRED LEADERSHIP

Few sights set such an inspiring example upon the battlefield than a commander leading from the very front, wreathed in glory and stained with gore.

While a player's **WARLORD** is not within their deployment zone, each time a unit from that player's army takes a Battle-shock test, if that player's **WARLORD** is within 9" of and visible to that unit, add 1 to that test.
